

Friends of Nabushome School

Dear Friends of Nabushome School,

We are contacting you today with a special appeal.

Readers of our regular newsletters know that it can get pretty cold in the Nabushome area in the winter months. This is mainly because Nabushome is a good 1,000 meters above sea level.

Two years ago, we launched an appeal to provide over 300 children at our school with warm tracksuits. Last year, we again bought warm tracksuits for the new pupils starting at the school – 36 in all.

At the beginning of the school year 2015, there was a record increase in the number of new pupils at the school: no fewer than 54 children started in the first year at Nabushome. There are several reasons for this: quite a few families have moved into the seven villages of Nabushome in recent years. Some families that had fled to South Africa have returned. And last but not least, the free lunches provided at our school will have played their part in making Nabushome School so popular.

Whatever, we cannot just stand by and let the 54 school-beginners at Nabushome freeze this coming winter (children between 4 and 5 years old) because all they have to wear in most cases are torn T-shirts and short trousers.

We feel we have to help by sponsoring the purchase of 54 tracksuits via the school committee. At the same time, we want to buy a large and a small towel for each of the 54 children so that they are equipped for their weekly shower at the school.

The cost of one complete set is equivalent to €25.00 per child.

In other words, this is the amount we need to provide one child with a warm tracksuit and two towels.

I would like appeal to your generous and warm hearts. Please help. Together we can raise the necessary amount!

If you want to participate, please transfer your donation to our society's account:

This is how happy we want the 54 smallest children at Nabushome to look. The photos show the school-beginners in 2014 after receiving their tracksuits.
